

# About *Piedmont*

## Who We Are

Piedmont is empowering Georgians by changing health care. We continue to fuel Georgia's growth through safe, high-quality care close to home – an integrated health care system that provides a hassle-free, unified experience. Every year, we have over 30 million visits to Piedmont.org, more than 450,000 appointments scheduled online by patients and over 100,000 virtual visits. We are a private, not-for-profit organization that for centuries has lived up to our purpose to make a positive difference in every life we touch in the communities we serve. Today our organization is supported by a work force of more than 44,000 who care for 3.7 million patients across more than 1,600 locations and serving communities that comprise 80 percent of Georgia's population. This includes 22 hospitals, including three inpatient rehabilitation hospitals, 65 Piedmont Urgent Care centers, 26 QuickCare locations, 1,875 Piedmont Clinic physician practices and more than 3,075 Piedmont Clinic members. In 2022, Forbes ranked us No. 166 on its list of the Best Large Employers in the United States. In 2021, the Leapfrog Group, a nonprofit that rates hospitals on safety, awarded Piedmont more A grades than any system in Georgia.

Piedmont provided nearly \$360 million in Community Benefit in Fiscal Year (FY) 2022, including approximately \$310 million in uncompensated care. In FY 2022, Piedmont also performed more than 345 community involvement activities, 110 health education and awareness activities, 55 community health services, 50 Physician Enterprise activities and 20 Diversity Equity and Inclusion activities. In addition, Piedmont employees were represented on more than 265 board or committee memberships.

Piedmont is the Official Adult Healthcare Partner of the University of Georgia Athletic Association, Atlanta United, and the PGA TOUR Championship at East Lake. Piedmont also is marketing partners with Live Nation and Auburn University.
